# SCIENCE LAB OPEN HOUSE

————— MAY 16, 2011 —————

Snapshot Science, LLC will offer science lab and field experiences to groups of home educated K-12 students beginning in Fall 2011. A Science Lab Open House will be held on Monday, May 16th from 4:30 to 8:00 p.m. in the science laboratory at Newman Catholic High School\*, 1130 W. Bridge Street, Wausau. This is a FREE event.

Displays will showcase science and technology equipment and specific lab and field science opportunities available to your students. Students and parents will be on hand to answer questions. Registration for select fall offerings will be open at the event.

Cool science demonstrations will be performed at 5, 6, and 7 p.m.

Please contact Stephen Schmidt of Snapshot Science, LLC at [sschmidt@snapshotscience.org](mailto:sschmidt@snapshotscience.org) or 206-337-3252. Visit [www.snapshotscience.org](http://www.snapshotscience.org) for more information.

Visit us at the **28th Annual Home Education Conference & Curriculum Fair** sponsored by WPA at UW-Oshkosh May 6th and 7th. Stop by our booth to chat and for your chance to win a free prize!

**Professional Science Educator Stephen Schmidt** has over 16 years of experience teaching lab and field science to K-college students and is state certified. He is an adjunct instructor at North Central Technical College in the General Studies Department. Visit [www.snapshotscience.org](http://www.snapshotscience.org) for a full curriculum vitae and professional references.

\*Note - This event is not sponsored by Newman Catholic Schools.
