

SNAPSHOT SCIENCE CLUB!

After School Science Enrichment Program

COME JOIN THE FUN!

ALL NEW!! Grades 3-5 will explore:

Atoms, Molecules, and Stars!

Students will learn a basic level of atomic theory, including size and scale, elements and the periodic table, atoms as building blocks of molecules, conductivity, modeling, and stars as atomic fusion factories.

This program culminates with a trip to the Wausau West Planetarium. We will need parents to help drive students. Please let Mr. Schmidt know if you can help with this.

2:50 – 3:50 pm Thursdays, April 9th – May 14th

REGISTRATION DUE Thursday, April 2nd

• PROGRAM MEETS ON-SITE AT SCHOOL •

The mission of Snapshot Science, LLC is to improve scientific literacy for all through collaborative science experiences that build independent thought and critical thinking skills.
