

Snapshot Science, LLC Presents....

The Science of Art!

....a week-long summer science experience for Central Wisconsin students who are entering 3rd grade to those entering 6th grade. The Science of Art will provide participants with activities and experiments ranging from optical illusions to use of natural dyes and materials in art. We invite your budding scientist to join us as we explore eye anatomy, light, color, and fiber art, among other visual arts and science during our week of active inquiry-based science. Camp will be held Monday, June 7th through Friday, June 11th at Newman Catholic Early Childhood Center at St. Michael's Parish.

Camp for those entering grades 3-6 9:00 – 11:30 with open studio until noon to finish projects, as needed. ** COVID safety will be followed according to Marathon County Health Department guidelines for schools at the time of camp. *Class size is limited* to enhance safety protocols and individual attention.

Please contact sschmidt@snapshotscience.org for more information or visit www.snapshotscience.org. Registration fee \$130 (2014 throw-back pricing!). The fee includes snack each day and all materials for the activities and experiments. *Register soon as space is limited.* Deadline – postmarked by Monday, May 31st.

Snapshot Science professional educators deliver engaging science activities aligned with the Next Generation Science Standards. For more information about Snapshot Science, LLC and instructors visit www.snapshotscience.org
